GOODS SOLD AT RETAIL.

aug21

☞ Country Merchants visiting our city can find the location of the principal Wholesale Houses and Manufacturing Establishments, by viewing the Business Directory column of this paper.

ROCK RIVER BANK OF BELOIT CLOSED.—The Janesville *Gazette* says that the Rock River Bank, of Beloit, closed its doors on Monday, having made an assignment protecting its depositors, and the bills are fully secured by good stocks, and worth their face.

By the report of the Comptroller for July, we find that the circulation of the Bank at that time was $40,999, secured by the following stocks:

Virginia 6s,	$40,000
Kentucky 6s,	5,000
Missouri 6s,	11,000
Total,	$56,000

We presume that the Comptroller has required additional securities long before this time.

MISSOURI BONDS.—The N. Y. correspondent of the St. Louis *Democrat* says, under date of Sept. 9th:

Missouri State bonds continue to be thrown on the Wall street market without stint, and four days ago they reached the low figure 67.

The great bulk of these securities come from western free banks, which are compelled to realize them to meet circulation, which is rapidly flowing in on *all* banks; and not a few of these bonds have been turned into cash, by those with whom they have been hypothecated, the holders fearing these to be the fall of *all* securities, the margin they took them at would be more than used up.

RETRIBUTION IN INDIA.—The tone of the British press indicates that a terrible retribution is in store for the savage mutineers of Delhi, whose horrid brutalities upon the European women and children exceed those of the worst of our Indians. The London *Post* says:

It is hardly possible on receipt of such intelligence to write or think of it with any degree of patience or calmness. It makes the blood run cold, and burn again with the hottest desire for vengeance that ever a nation felt. There is hardly a family in Great Britain that has not a relation in India. Already thousands are plunged into mourning for their dead—killed by torture. Apart from ties of blood, there is not an Englishman who would not willingly volunteer his life in what has become a sacred cause. Gladly we paid our taxes for the honor of England in the Russian war; but what in this case is money. If it were wanted it would be forthcoming in ready millions. *At any sacrifice, we must have of these demons blood for blood, and we will teach the treacherous Asiatic a lesson so fearful that he shall cower and tremble at it as long as history lasts.*

Response to the Republican Nominations.

(From the Sheboygan Times.)

It is with no small degree of pleasure and pride that we inscribe upon our banner the names of the Republican candidates for State officers put in nomination by the Convention at Madison, on the 2d and 3d insts. Seldom, if ever, has a better ticket—judged by the Jeffersonian test, of *honesty* and *capability*—been presented for the suffrages of the people of this State. In point of talent and education, they are eminently fit for the respective stations for which they are nominated, and their integrity of purpose is vouched for by their past history, both public and private. And then, as a key-stone to their qualifications, they are, from principle firm and unflinching Republicans—advocates of Freedom and Equal Rights of the greatest possible good to the greatest possible number; and if placed at the helm of State—as they certainly will be, if every Republican is true to himself and his duty—will guide it safely on towards the High Destiny that awaits it, free from the accursed blight of Barstowism.

From the Mauston Star.

As a Republican of the old guard of 1824, and of the Liberty guard of 1840, we feel proud of the selections made by the Republicans of 1857.

From the New Lisbon Republican.

Under our editorial head will be found the nominations made by the Republican Convention which convened at Madison on the 2nd inst. The ticket is a good one and one that WILL win.

From the Watertown Chronicle.

Although the contest for the nomination for Governor was a spirited one, yet nothing occurred to arouse an angry expression. The delegates appeared to be actuated by a determination to do their duty and nominate as strong a ticket as possible.

We think they have nobly accomplished that end. A stronger and better ticket has never been made in this State, in our opinion, and we think the candidates will all stand fairly upon the Jefferson *vote?* They are honest, highminded men, and are capable of filling their resbobtive positions with honor to themselves and profit to their constituents.

Indian Troubles on the Frontier—War Between the Sioux and Chippewas.

The recent murder of a Sioux by the Chippewas, is, no doubt, a renewal of the feud which has existed between those two tribes for many years. It will be remembered that last winter a treaty was made by the head chiefs of the two parties, and it was supposed that the burying of the tomahawk and sheathing of the scalping knife then, would last for all time. Such, however, seems not to be the case. The warriors are once more in the field—not, it is true, for an open fight, but to satiate a spite of revenge known only to Indians. We shall not be surprised to hear at any time of a battle between the two Indian tribes of this Territory; but in such an event the whites are perfectly safe.—*St. Paul Times.*

IMPORTANT NEWS FROM THE SOUTH.—We have New Orleans papers of the 8th inst., containing late advices from Texas.

Judge Hemphill and Gov. Pease were candidates for the U. S. Senate in Texas.

The Houston telegraph, of the 4th inst., states that the cotton picking was actively progressing, and that more cotton would be raised this year in Texas than in any previous year. It also states that the sugar crop will not be over the usual average.

The Mobile Register states that $150,000 had been raised in Georgia for Walker to make a new descent on Nicaragua.

C. F. & ST. PAUL R. R.—The difficulty under which this road has been laboring have had no influence on the work going on between here and Oshkosh. Mr. Little, the contractor, informs us that he is now laying the track between Fond du Lac and Oshkosh, and thinks that he will complete the job in about six weeks. The graders between here and the Junction are still at work, and the probability is that we shall have a railroad connection with Oshkosh some time in December. We hope it will prove so.—*Watertown Democrat.*

CITY MATTERS.

POLICE COURT, Sept. 16.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Timothy McGreevy, drunk, fined $1.
Oliver Twist, " "

SERVED HIM RIGHT.—John Savoir was sent to the county jail for fifty days for brutally beating his wife.

Joseph Keyn was brought up and fined $2 for fast driving upon the Walker's Point Bridge, and scarcely had he been five minutes out out of the police court, when he made his appearance again under the charge of a policeman, who arrested him for driving fast upon Spring Street bridge.—He was again fined $2, and then left in anything but a good humor!

John Koch, charged with seduction, found not guilty.

SUICIDE.—We are grieved to be obliged to chronicle the death by suicide of Capt. CHAS. DELORME, a gentleman of high standing and unexceptionable character, Capt. Delorme shot himself with a pistol yesterday, between eleven and twelve o'clock, in the lumber yard of Mr. Ehlebracht in the Second Ward. No reason can be assigned by the friends of Capt. Delorme for his committing this deplorable deed, as he was in good health, and comfortable circumstances, and nothing unusual was noticed in his conduct at any time previous to his death. He must, therefore, have been laboring under a temporary fit of insanity at the time of the sad occurrence.

We learn that he had been an officer in the British army for many years, and that he distinguished himself for his bravery in the late Crimean war.

Capt. DELORME was a German by birth although in the English service. He came to this city about a year ago, and has since resided with his son, Mr. Chas. Delorme, of the firm of Delorme & Quentin. Two sons, we believe, are the only living members of his family.

A New Invention—Railway Station Indicator.

At the office of Mr. H. G. WILSON, in Martin's Block, may be seen a very ingenious, yet simple contrivance, recently got up by Mr. C. J. SMITH, formerly of this city, but now of Waukesha Co., which he calls a Railway Station Indicator. It is of course a matter of great convenience to travelers to know what station they are approaching, and the practice has generally been for the Conductor to open the door of the cars and call out the name; and, the cars being in motion, in very few cases is the name distinctly heard. Mr. Smith's invention consists of a small box, placed within the car, containing a cylinder in which is painted the names of the stations, and having a bell, and a wire leading to a handle outside of the car. On approaching a station, the brakesman pulls the wire, the bell is struck, and the cylinder revolves once, exhibiting the name of the station.

It is a very ingenious affair, and a *caveat* has been filed at Washington by the inventor.

THE 1ST WARD STREET TROUBLES.—An adjourned meeting of the citizens aggrieved by the maneuvering in relation to the Jackson street grade, was held on Monday evening, and the Committe appointed to investigate the subject reported. A committee, consisting of A. H. Burdick, Luke Marnell, M. Finnegan, J. Brown, and Peter Khimb, reported a set of resolutions predicated upon the following preamble:

Whereas, It has come to our knowledge that an effort is being made by Jackson Hadley, Alderman, and Otis B. Hopkins, of the Board of Survey, of the City of Milwaukee, to materially change the direction of Jackson street, as now laid out and established in said city, north of Division street; and whereas, said street has been located, graded and partially finished, together with the side walks, as far as now exists, in a manner entirely satisfactory to the general public, as well as the citizens and property holders thereon.

The resolutions denounce the proposed change as one which would be very injurious and costly to the owners of lots and buildings, and a breach of faith, and they declare it their opinion that Messrs. Hadley and Hopkins have contrived the plan for their personal benefit.

The meeting also resolved to ask Alderman Hadley to resign.

THE FAIRY FESTIVAL TO-NIGHT.—It is, we presume, quite unnecessary for us to remind our readers that the Fairy Operetta, which drew such a crowd at Albany Hall on Tuesday evening, is to be repeated at the same place this evening. The entertainment on that evening was the most successful and pleasing affair of the kind that has ever been given in this city, and as Mr. ROBBINS remarked at the conclusion, "the young ladies will do better the second night." We expect, therefore, to see Albany Hall as well filled this evening as it was upon the occasion alluded to. All who attended were highly gratified, and the little misses and young ladies hugely pleased with themselves, as well they might be, for the creditable manner in which each one executed her part.

The affair speaks highly for the ability of Mr. ROBBINS as a skillful trainer of the young. We can promise those of our readers who did not attend the first festival, an entertainment that will fully repay them for their attendance.

CARPETING AND HOUSE FURNISHING.—We would invite house keepers and others who want to purchase anything in the Carpeting or house furnishing line of business on the most reasonable terms, *straightway* to go and take a walk through the immense Carpet warerooms of Messrs. W. S. CANDEE & Co., No. 160 East Water street. Every variety of Carpet manufactured, can be seen there; from the commonest quality at 2s. 6d. a yard, to the most expensive and beautiful velvet, and brussels. Poor and rich can suit themselves here, and all who go into the establishment of Messrs CANDEE & Co it is needless to say, will be treated courteously, whether they purchase or not. Messrs. CANDEE & Co., have been well known in this city for many years, both in the dry goods and house furnishing business, as accommodating gentlemen, who always try to secure and keep the good will of their customers, and they deserve fully the liberal patronage bestowed upon them, which has caused them to enlarge their business, and give their attention exclusively to the carpet business.

HIGHWAY ROBBERY.—Dr. Ormond, a farrier, who keeps his stable and office in the 3d Ward, was waylaid on Monday night about five miles from this city when on his way to his residence at Oak Creek, by two men who robbed him of $182.

The Dr. was riding a spirited horse at the time, when one of the robbers fired a pistol at him, missing his mark, however, but so frightening the Dr.'s horse that he jumped side wise, throwing the Dr. to the ground, and then ran away. The two thieves then pounced upon him, and one held him down while they rifled his pockets, and then both disappeared in the woods.

STEALING HATS.—An old man who refused to give his name, was arrested by Officer Garlick, yesterday afternoon, for stealing a dozen hats from the store of Messrs. Salsman & Booth, on East Water street. He sold the hats for three shillings each—about half their value—to some workmen in a brick yard, one of whom was arrested on suspicion by a policeman who met him upon the street, seeing him wear a new hat answering the description of those stolen, which led to the arrest of the thief.

For the Sentinel.

The High School.

MILWAUKEE, Sept. 15.

It seems to us that the attention of our citizens should be called to the High School soon to be opened in the beautiful, new building, now nearly completed in the Seventh Ward. The city of Boston has not finer buildings than some which adorn our young city; and there is no reason why it should have better schools. We need—and we believe are to have—a High School, where scholars of a certain qualification, from all parts of the city, may enter and be carried through a thorough and extensive course of study.

If one-half the money and active interest that is now spent, and often wasted in sending scholars to boarding schools and institutions out of the city, were expended and concentrated on this High School, it might be made equal to any in the country. Our sons and daughters might then receive an education, sufficient to prepare them for any sphere of active life, or the Freeman class of any college.

In many of the small *country towns* of New England, with 1,500 or 2,000 inhabitants, there are High Schools from which scholars enter Harvard College, and certainly there ought to be, at least, one such free school in a city like this.

The advantages of thus educating our children at home are evident. The period at which we now send them from us, is one which passion is strongest, the powers most plastic, temptations, and the hold of principle upon the heart and conscience weakest. It is the time when they are most impatient of restraint and self control, and yet the time when they need them most. It is well known that at this age, children often form habits which stain and degrade their whole after life. There would be a *chivalric*, at least, of avoiding this, could they spend this period of their lives surrounded by the affections and restraints of home

Nor have we any sympathy with those who object to sending their children to a High School, because it is a *common* school. On the contrary, education in a common school, and *because* common, is the very best preparation for the discipline and experience of life. It is society and government in miniature. Here the boy finds the good and the evil of society on a very small scale, and if he cannot resist its temptations surmount its obstacles as they are imaged in that little community and while under the eye of his parents, he will stand a poor chance when he meets the same evils organized and emboldened in society.

One whose boyish or girlish years are wholly screened from the rough touch of *common* life as it is met with at the *common school*, is little better prepared to encounter the evils which stand at the very threshold of home than the houseplant is for the cold winds of March.

The School Commissioners are doing everything in their power to make this High School all that the city demands, but it will avail comparatively little unless they are seconded by the sympathy and co-operation of our citizens. We hope that the standard of qualification for admission will be raised just as high as it possibly can be, and admit enough to form a full school. Yours very Truly,

A READER.

CORRECTION.—In the account which we gave yesterday, of a "brutal assault upon an old man," we were slightly in error in stating that Mr. Hayden was the old man past sixty who was assaulted. It was a poor man considerably older and more feeble than Mr. Hayden whom the ruffian Dunn first attacked, and Mr. Hayden being in the old man's store, remonstrated with the fellow, when he pitched upon him, and beat him in the brutal manner described yesterday.

HANDSOME BOOK-BINDING.—Messrs. Strickland & Co., in the Excelsior Block, have just finished a ledger and journal for the Farmers' and Millers' Bank, which for style of binding are probably equal to any that can be got up in the country. They are very large, and very substantially, as well as handsomely bound, and are highly creditable to the binders.

They can be seen at the store of Messrs. Strickland & Co. for a few days.

BANK NOTE LISTS.—TOWNSEND, BEAN & BURLOCK, banking and exchange brokers, 205 East Water street, publish a list of the broken and suspended banks. Their customers can obtain copies at their office daily.

Also Messrs. BAIDEN BROS., bankers, 166 East Water street, publish a daily list of broken and discredited banks, copies of which can be had at their office.

☞ Won't the telegraph operators oblige us by endeavoring to transcribe the despatches so that it will be possible to decipher them without calling a consultation of all hands, and compelling us to consume a great deal of valuable time, which we have not got to spare? We trust a hint will be sufficient in the premises.—*Free Democrat*, of last evening.

We endorse the above "hint," and hope the operators in the telegraph office will profit by it.

JACK TAR'S LIBERALITY.—The sailors along the docks, when they heard of the late of Thos. Lingham, who was drowned near Jones' shipyard, leaving a wife and child, made up a purse and buried the deceased decently, and gave the widow a hundred dollars besides.

DISCHARGED.—The examination of John Koch, yesterday, before the Police Justice, for seduction, resulted in his discharge, the evidence showing that he had not committed a crime making him liable to the charge.

CITY AUCTION ROOM.—Mr. WALL, the City Auctioneer, wants to employ a good porter.

FROM ASHARD'S CHICAGO STEAM BAG MANUFACTORY.—Notice is given that, owing to the additional improvements and facilities required by the customers of Mr. ASHARD, orders have been a little delayed; but having completed all of said arrangements, and with two sets of hands working twenty-four hours each day, he, in future, will be able to fill all orders within three days of receipt of order. Look out for general notice two weeks from date.

Chicago, Sept. 14, 1857. 1t

TAKE HEED.—D. Tilton has returned to the Mansion House, Chicago, where may be obtained Old Dr. James' wonderful and celebrated extract of Garnish's Indica.—His son-in-law, Dr. Thomas Tilton, will supply you with either, personally or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats.—We know this to be a fact. Try it and live.

P.S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps, (12 cents), a recipe will be sent in return, free of charge, to any part of the Union. DR. TILTON,

LATEST NEWS!

BY MAGNETIC TELEGRAPH.

NEW YORK, Sept. 16—8 P. M.

The steamer Northern Light takes out the California mails on Monday next.

The Herald has a despatch from Lecompton, K. T., Sept. 8th, via St. Louis 15th. The Constitutional Convention is permanently organized. Surveyor General Calhoun is elected President.—His speech indicates that he is in favor of submitting the Constitution to the people.

NEW YORK, Sept. 16—8 P. M.

The Cunard steamship sailed at noon to-day, for Liverpool, with 42 passengers and $550,000 in specie.

The steamship Ericsson sailed for Bremen, same time, with 125 passengers.

PHILADELPHIA, Sept. 16—8 P. M.

The steamer Norfolk was sunk in the Chesapeake. She belonged to the Payler & Richmond line. She left here on Saturday with a valuable freight. Capt. Kelly and the crew were landed yesterday at Cape Island, N. N., by the steamer Joseph Whitney, from Baltimore for Boston.—The vessel and cargo are fully insured.

PROVIDENCE, R. I., Sept. 15—3 P. M.

A bank containing $10,000, belonging to the Worcester County Bank, Blackstone, was stolen from the conductor's safe in the care of the Fast Thompson R. R. this P. M.

BOSTON, Sept. 15.—3 P. M.

Geo. S. Abraham, a Custom House broker, and special agent for Baring Brothers, was arrested to-day, charged with forging invoices, thereby defrauding the U. S. revenue. It is alleged that he altered figures of invoices to swear to their correctness at the Custom House, and after the latter were paid restored them. The goods were then sent to New York importers, who had the bills, and he pocketed the difference.

NEW YORK, Sept. 16.—3 P. M.

The great trots came off over the Union and Centerville courses yesterday; each was three mile heats, for $5,000. Prince beat Lantern—time 7:37½ and 7:55. Lancet beat Rose of Washington—time 7:38½ and 8:09½.

Maine Election.

PORTLAND, Sept. 15.—3 P. M.

Returns from 175 towns give Morrill, Republican 32,000 votes; Smith, Democrat, 20,940. Republican majority, 12,060.

The same towns, last year, gave Hamlin 42,252, Wells 25,319, Patton 4,382—a Republican majority of 13,230, thus showing a Republican loss, this year, of 517.

BOSTON, Sept. 15.—3 P. M.

The Democratic State Convention assembled in Tremont Temple this A. M. About 600 delegates were present. Isaac Davis, of Worcester, was chosen President, receiving 328 votes out of 572. Preliminary to entering upon business, the Convention was addressed by the President, and also by Samuel W. Waldron, B. F. Butler, and others. A committee of one delegate from each County, on the further permanent organization of the Convention, was then appointed. There will probably be no nominations until the P. M. Session The Convention is harmonious and spirited.

NEW YORK, Sept. 16—9 P. M.

The contract for carrying the U. S. mail on the land route to California, was signed in this city to-day. Messrs. John Butterfield, William Dennmore, Wm. G. Fargo, Alex. Holland J. B. P. Gardner, M. S. Kenegon, Hamilton Spencer, and others, are the contractors. The Government was represented by Mr. Dundas, the Assistant Post Master General. The contract is to run six years and to go into effect twelve months from date—$600,000 per annum is the price to be paid the contractors. This will, doubtless, prove to be a profitable job, as it is in the hands of energetic parties, who have ample means and who understand thoroughly the business they have undertaken.

ST. LOUIS, Sept. 16—6 P. M.

Kansas advices say that constitutional Convention organized and appointed John Calhoun President. Calhoun spoke in favor of submitting the Constitution to the people. 500 troops left Leavenworth on the 9th inst., for New Mexico. The St. Joseph's Journal, of the 10th, gives an account of a battle between Sumner's command and a band of Indians, about the middle of August, on the Arkansas river. Troops' loss, 4; Indians, 20. The Journal says the reported slaughter of 400 Indians is unfounded.

WASHINGTON, Sept. 19.—9 P. M.

Official advices have arrived from Col. Foote, on the sloop of war Portsmouth, dated Mogadore, Siam, June 20. On arriving he proceeded to the kings steamer to Bankok, with Consul Bradley, the bearer of a treaty concluded between the U. S. and Siam. During their stay they were presented to the two kings of the country, and were treated with marked consideration by all the members of the court. The second king, by invitation, visited the Portsmouth, being the first instance of a king of Siam going aboard on a foreign vessel.

The kings sent a present of lump oil, rice, sugar, dried fish and fruit to the ship, for which payment was positively declined. Col. Foote is of the opinion that the treatise between Siam, Great Britain France, and the United States are rapidly developing the resources of that country. Several vessels were about leaving for the United States with sugar, the chief staple of the country.

Failure.

NEW YORK, Sept. 15.

The failure of A. Hougley & Co.'s domestic goods house, is announced to-day.

Suspended.

BOSTON, Sept. 15.

Messrs. C. H. Stine & Co., hardware merchants of this city, suspended payment yesterday on account of the failure of Conant, Dodge & Co., of New York.

New York Money Market.

NEW YORK, Sept. 15.

The market for money is active and more cheerful and the banks have discounted more freely to their dealers, and it is the general impression that there will be no further contraction.

COMMERCIAL.

Milwaukee Market.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, Sept. 17, 1857.

Received by Mil. & M. R. R.—17 bbls flour, 5,000 bus wheat, 110 do rye, 1,105 do barley, 307 do oats, 90 tons stone.

The market for wheat still further improved yesterday, and was firm with good demand at our figures. Spring sold readily at 80@84 for prime lots; winter 86@1,00. We quote at 84@86 for the best bright lots only bringing the outside figures.

Oats—rather dull again at 30—32.

Corn—slow of sale at 60c in lots.

Potatoes—selling at 25@30c, and plenty.

Hides—6@6½ for green, 10@15 for dry.

Butter—18@22 for common to fair. Prime for table commands high prices.

Eggs—12@13.

By Magnetic Telegraph.

New York, Sept. 16th

FLOUR—market be better; fair demand for home consumption and export; sales 8,200 bbls at 5,40@5,50 for superfine; chiefly at 5,65@5,80, and 5,75 for extra state; 5,25@5,65 for super western; 5,60@5,70 for common to medium extra western; market closing steady. Canadian flour better; sales 900 bbls at 5,35@5,45 for super, and 5,50@7,10 for extra. Rye flour steady; sales 100 bbls at 4,05.

WHEAT—1@2c better; sales 68,000 bus at 1,05 for Chicago spring; 1,35@1,39 for red Ohio, Ind and Mich; 1,42 @1,48 for ordinary to common white Mich.

RYE—lower at 80@85.

BARLEY—dull at 60@70.

CORN—moderate sales advance; sales 88,000 bus mixed western at 75@76c for shipping; 79@80 delivered.

OATS—dull and lower; sales at 50@52 for state and western.

PORK—dull; sales 400 bbls at 15,50@16 for mess, 12½ at 12,75 for prime.

WHISKEY—market better; sales 300 bbls at 25½, and small lots at 26.

RICE—moderate demand at 5½@6¾.

CUTMEATS—moderate demand at 5½@6¾.

CATTLE MARKET.—There was an increased supply of best cattle to-day, the receipts reaching to nearly 4,000 cattle. Prices declined 1 to 1½ cents, chiefly on the inferior qualities; a large proportion of the stock was very poor and sold very low. The quotations are $4@5 for poor; 10½@11 for 1st quantities; 11½@12 for prime cattle. Sheep declined fully 50c to $1 per head; receipts 16,000 head; stock poor and a large number remain unsold over.

HOGS lower and not so active; receipts 3,500; sales at 7,50@8 for prime corn fed.

FREIGHTS—Exchange dull; Canal to Oswego 16½; N Y C 70½; Ohio & R 1 72½; Erie 105½; Ill C 67½; Mich S 72½; C & C 71½; Reading 40; C & T 37½; M S 20½.

Money rather stringent throughout the day. In the street 1 per cent and upwards was paid for even first paper, the banks, however, discounted fully up to regular rates.

Oswego, Sept. 16.

Flour dull.

Wheat better and firm; 15,000 bush at 1,02½ for Mil club; 96 for Chicago spring; 1,03 for medium Mil; 1,09 for some parcels white do.

Corn quiet.

Lake imports—3,000 bu wheat, 9,000 do corn.

Canal Exports—2000 bbls flour, 17,000 bu wheat.

Canal Freights firm—wheat 10 to New York.

Buffalo, Sept. 16.

Flour firmer; 300 bbls choice Ohio and Ind, 5,27a5,50 extra do and Iowa, 5,75a8 double extra.

Wheat unchanged; 5,000 bu 90@93 for Chicago spring; closing otherwise at 1,04@1,05 red Ohio; 1,20@1,25 white Kentucky.

Corn firmer; 20,000 bu sold at 56; afterwards parties were apart.

Oats firm; 5,000 bu at 35 afloat.

Whiskey steady; 200 bbls at 23½.

Freights—5½c for corn to Troy and Albany.

Receipts of flour, 5,000 bbls; flour, 37,000 bu wheat, 22,000 bu corn, 10,000 oats

Exports—12,000 bu wheat, 36,000 do corn.

Grain in Store in Chicago.

The following was the amount of Grain in store Sept. 12, as reported by the warehouses:

Wheat, spring, bu	151,451	Flour, bbls	7,240
Wheat, red	19,491	Corn, bus	164,033
Wheat, white	4,875	Barley	22,300

☞ The Albany *Argus* says:—It is estimated that there were nearly one hundred thousand bushels of barley afloat here yesterday. The quality of the great bulk of this which has arrived thus far this season is very poor, and dealers here are thoroughly disgusted with much that is thrown upon their hands to find a market for.

MARINE.

PORT OF MILWAUKEE—Sept. 16, 1857.

ARRIVED.

Steamer Arctic, Dougall, Two Rivers, 40 pass, 2 tons mdse.
" Tempest, Burke, Chicago, 105 pass, 90 tons mdse, 350 bbls pork, 100 bbls peaches.
Propeller Wisconsin, Hersey, Chicago.
" Fountain City, Ball, Cleveland, 100 tons iron, 50 tons glass ware, 400 bbls apples, 2 horses.
Schooner Reindeer, Brady, Cleveland, 475 tons coal.
" Indiana, Ardrich, Manitowoc, 60,000 ft lum.
" Buena Vista, Sweetman, Manitowoc, 100,000 ft lum.
" Norway, Tate, Green Bay, 145,000 ft lum.
" Henry Clay, Lawson, Grand River, 70,000 ft lum.
" Virginia Parry, Cook, Green Bay, 170,000 ft lum, 10,000 lath.
" True Democrat, Johnson, Two Rivers, 1,100 R R ties.
" North Star, Beddle, Oconto, 115 000 ft lum, 50,000 lath.
" North Cape, Freeze, Muskegon, 60,000 ft lum.

CLEARED.

Steamer Arctic, Dougall, Two Rivers, 25 pass, 5 tons mdse.
" Tempest, Sweeny, Chicago, 60 pass, 360 bus mdse.
Propeller Milwaukee, Houston, Buffalo, 1,000 bbls flour, 15,000 bus wheat.
" General Taylor, Chicago.
" Wisconsin, Hicke, Ogdensburg, 484 bbls flour, 5 cases mdse.
Schooner Dudley, Campbell, Manitowoc.
" Mercury, Tate, Green Bay.
" Cape Horn, Goldsmith, St. Catharines.
" R Campbell, Napier, Grand Traverse.
" J. S. Durant, Wade, Manistee.
" Toledo, Stevens and, Muskegon.
" Josephine Laurence, Alanson, Manistee.
" Evisk, Jones, Sand Bay.
" Hughes, Lamb, Chicago.
" North Cape, Freeze, Muskegon.
" James Christie, Joyce, Chicago, 1,000 empty barrels.
" 3 Harrisons, Cusick, Manistee.

Marine Intelligence.

BUFFALO, CLEVELAND AND CHICAGO LINE.—The propeller Wisconsin, which arrived here Monday evening, is the last of the fleet of new propellers which owners of this line. She was built at Cleveland by Luther Moses, and is a splendid piece of workmanship. Her engine, which is low pressure, is from the Cuyahoga Steam Engine Works, and is a highly creditable piece of mechanism. The Galena, Dacotah and Mendota, which preceded her, are all of the same dimensions and built by the same person, all under the superintendence of Capt. John Hoff. The Fountain City, of the same line, was built by Peck & Masters, and is the handsomest craft afloat on our waters.

The Line is composed of the following vessels:

Fountain City,	Captain Ball,	500	tons.
Galena,	"	Steele,	700 "
Dacotah,	"	Pierce,	700 "
Mendota,	"	Spencer,	700 "
Wisconsin,	"	Hall,	700 "
Evergreen City	"	McQueen,	650 "
Cuyahoga,	"	Hawkins,	650 "
Kenosha,	"	Goulder,	650 "

There is not a line in existence composed of eight as fine vessels as this, and the principal officers are:

Jean Richmond and A. R. Cobb, of Buffalo.
James F. Clark, of Cleveland.
F. M. Hale, of Chicago.
A. F. Richard, of Sheboygan.

Sheldon Pease is the general agent of the line, office foot of Michigan street.—*Buff. Express.*

ANOTHER NEW PROPELLER.—A propeller called Hunter, has just been completed at the yard of Messrs. Bidwell, Banta & Co., for Capt. Wm. Dickson and Robert Montgomery of the following dimensions:—length of keel 202 feet; breadth of beam 30 feet 6 inches; depth of hold 12 feet, and 650 tons burthen, custom house measurement. She has a fine model, and is the strongest and best built propeller ever put afloat here, which is saying a great deal. She is to be propelled by a powerful high pressure engine from Sheardt's works in this city, of the following dimensions:—32 inch cylinder, 8 feet 8 inches stroke; boiler 22 feet 6 inches in length, and 9 feet in diameter. She made a trial trip on the lake on Monday, and worked admirably. She is to run between this port and Chicago in the "People's Line," and will leave in a few days.—Her officers are as follows:

Capt. W. Dickson, Master.
James Cox, Mate.
Jackie Yates, Engineer.
Sidney Waldron, Steward.—*Buff. Express*

COLLISION.—Capt. Fish, of the steamer Sam Ward, reports seeing yesterday, off Point aux Saiges, a large black topsail schooner, bound down, with her bowsprit, jib-boom and upmast gone, and a flag of distress flying. He had gone to render any assistance she might need. She had evidently collided with some other craft.—*Det. Trib*, 15th.

JOHN McNEIL,
PRACTICAL PLUMBER,
South side Huron Street,
Between East Water and Main Sts.

KEEPS constantly on hand a full assortment of Plumber's materials, including Water Closets, Bathing, Wash Basins, Copper Boilers, Plain and Plated Brass Work, Copper, Brass and Iron Force and Lift Pumps, Lead Pipe, Sheet Lead, &c.

REPUBLICAN NOMINATIONS.

FOR GOVERNOR,
ALEXANDER W. RANDALL,
Of Milwaukee.

FOR LIEUT. GOVERNOR,
CARL SCHURZ, of Jefferson.

FOR SECRETARY OF STATE,
JOHN L. V. THOMAS, of Rock.

FOR STATE TREASURER,
SAMUEL D. HASTINGS, of La Crosse.

FOR ATTORNEY GENERAL,
MORTIMER M. JACKSON, of Iowa.

FOR BANK COMPTROLLER,
JOHN P. McGREGOR, of Columbia.

FOR SUPERINTENDENT OF PUBLIC INSTRUCTION,
JOHN G. McMYNN, of Racine.

FOR STATE PRISON COMMISSIONER,
EDWARD D. McCRAW, of Sheboygan.

The "Plug-Ugly" News.

The rights and privileges of adopted citizens in this State are defined and protected by our Constitution and laws. Emigrants from the Old World, of whatever creed, race, or calling, are made welcome within our borders and are admitted, on the most liberal terms, to all the immunities of citizenship. This has been the case ever since Wisconsin became a State, and it has helped to attract hither that large share of foreign immigration which has contributed so largely to the growth, development and prosperity of the State. No party here seeks to disturb this condition of things; to deprive any class of citizens of the rights they now enjoy, or to proscribe any for birth, or creed's sake. On the contrary, it is the desire and hope of all good citizens to see the different elements, which make up our population, blend together more and more perfectly, with each succeeding year, and gradually forgetting their different origin, their national, or religious prejudices, their old habits and customs, form one homogeneous and happy AMERICAN brotherhood.

Such a prospect, however, gives no pleasure to the "Plug-Ugly" *News*. It seems to be the favorite mission of that paper to stir up strife between our Native and adopted citizens; to rouse the fears and inflame the prejudices of the latter class, by constantly insisting that there is a plot on foot to deprive them of their franchises, and to libel and traduce the large majority of our American born population by charging upon them complicity in this design. The *News* is especially diligent in these labors about election time, and that fact furnishes the key to its outcries. The *News* does not, for one moment, believe, that there is the remotest prospect of adopted citizens ever being disfranchised in this State. It knows perfectly well that their rights, privileges and immunities are safe and secure under our Constitution and Laws, and that no party proposes to disturb, or encroach upon them. It knows especially that the Republican Party, whom it falsely represents as hostile to foreigners, is pledged by repeated and explicit declaration, to abide by and maintain the existing laws on the subjects of naturalization and the rights of suffrage. But the *News* also knows that the Sham Democracy has not a ghost of a chance in this State, unless the entire foreign vote can be coaxed to its standard; and that the only hope of effecting this, of keeping alive these national prejudices, of banding together adopted against native citizens, is by keeping up its false cry that the rights and liberties of our foreign born population are in danger from the designs of their native brethren.

The time has gone by, however, when such a shallow trick can win. The *News* may cry itself hoarse, but will fail to convince intelligent foreigners that their rights are in peril. The electioneering object and utter insincerity of these clamors are too transparent. Especially do our German fellow-citizens regard them with utter contempt, for they, at least, have had recent and signal experience of the hollow friendship entertained for them by the much professing *News* and the Barstow clique. They have not forgotten and are not likely to forget that when the German Democracy—the strong right arm of the party in this State—asked for the nomination of Dr. HAUSCHMANN and protested against that of Mr. HARRICH, the Barstow leaders utterly disregarded their wishes, treated the Doctor's "claims" as "impertinent," nominated Mr. HARRICH, notwithstanding his connection with the Treasury during the JANSEN *deficit*, and then coolly informed the Germans that they must submit to the *dicta* of the Convention, and swallow the pill, which the party doctors had prescribed. Consistent champions, these, of the rights and privileges of our adopted citizens!

The Desperation of a Bad Cause.

The *News* of yesterday contained what purported to be a report of the Temperance Meeting, called by a few of our citizens to be held on Tuesday evening. The report represents that two resolutions were passed, one of them in favor of the Maine Law, the other endorsing the nomination of Judge RANDALL, as "a staunch, able, and uncompromising advocate of that law." The report further represents that speeches were made in the same tone, &c, &c.

Now, will it be believed that this report *is false* throughout, *from beginning to end*—that *no resolutions* of the kind were passed—in fact, we understand that *none* were passed—that no speeches whatever were made—the article in the *News* being a bold lie throughout.

We were not present at the meeting, but we learn from a gentleman who *was* present, that there were only some six or eight people there, who met in answer to the call, and after talking quietly over the subject of the increasing tendency to intemperance among the young men of our city, appointed a committee to report upon some practical remedy.

How desperate must be the cause which requires or the conductors of the press such resorts to bolster it up! Well may our German fellow citizens denounce the leaders who deceive them with such falsehoods!

JUDGE RANDALL'S POPULARITY.—In reply to the assertion that Mr. Randall, two years ago, ran behind his ticket, the following statement of the vote cast at that time for the Republican candidates is sufficient:

Coles Bashford,	36,198
C. C. Sholes,	35,189
S. D. Hastings,	34,484
Chas. Rieser,	32,872
A. W. Randall,	36,533
J. G. McMynn,	34,550
F. H. West,	34,551
J. Giddings,	35,291

CONNECTICUT TOBACCO.—The frost on Sept. 7th at night, it is now said, seriously injured the tobacco crop in Connecticut, and the loss must be considerable. A large amount, however, has been safely housed. The Hartford *Times* says that more tobacco has been grown this year in Connecticut than ever before. A single house in that city has been sold this season more than two tons of twine for tying tobacco.

GALENA RIGHT SIDE UP.—The Galena *Advertiser* rejoices in the fact that Galena is very little in debt, her banks strong, her merchants solvent, her people well off, and mineral worth $35 per 1000 lbs. in gold.

DEATH OF GEN'L CHASE.—Gen. L. P. CHASE, an old resident of Menasha, and an estimable citizen, died on the 13th inst., at that place, in his 40th year.

Report of the Committee of the German Democratic Meeting.

The Report of the Committee appointed lately at the meeting of the German Democracy to set forth the grievances under which they labor, and devise a plan of redress, is published.

They trace the evil and corrupt administration of State affairs of late years to School Land speculations and railroad legislation. They refer to the old "Monk's Hall" transactions of 1853, as synchronous with the disappearance of the "landmarks of honesty and fidelity on the part of State officers." They review the scandalous operations in school lands, and the trifling with and squandering of the School Fund. They take the most extreme view of the Land Grant legislation, and charges of downright bribery are made without stint. They say that men who have been elected to the Legislature "expressly to oppose corruption and special legislation," have been corrupted with school lands, the promise of office, and railroad bonds; while those who do not wish to be exposed, take care to pack the caucuses and conventions. They say that:

In the (Democratic) Convention it was clearly apparent who of its members had been the recipients of, or influenced by School Lands or Land Grants in their labors and votes for the nominee for Governor by that Convention. From the evidences clearly shadowed forth in that Convention it is evident that the corruptionists are determined to rule the Democratic Party—to make it subservient to their own schemes.

They assert that the Republicans are no better than the Democrats in relation to these things, and that some of the Republican leaders participated in the depredations upon the School Fund, and "instead of preventing, aided the consummation of the Land Grant Corruption Scheme."

They deplore the effect of these things upon public morals; and they appeal to their fellow-citizens. "to throw off the yoke imposed upon them by corrupt leaders." They are "painfully aware that the Democratic party of Wisconsin is still under the influence of corruptionists and swindlers, from which it must be speedily purged to secure honorable and permanent success;" they therefore call upon their fellow Democrats and such Democrats as have abandoned party associations, not because they are dissatisfied with the Democratic principles, but despairing that corruption has so long held sway and could not be overcome, to come forward and join in such reformatory measures as shall secure the triumph of Democratic measures and men."

They propose to purge the caucuses of unfair voting—to have the districts represented in Convention according to the democratic vote—to proscribe all candidates who have received corruption bonds, plundered the Treasury or defrauded the School Fund—to amend the railroad tax law—and, in order to act effectively, they propose to call a State Mass Convention shortly, of all who are willing to unite with them.

Such, in brief, is the report of the Committee, to the whole of which we would gladly give room, did its length and our small available space permit. We believe that we have given a faithful abstract of it.

We can see the beginnings of good in the movement; not because it tends to divide our political adversaries, but because it shows that a great many leading and honest democrats are reflecting upon the extremes to which they have been carried by following the beck of their party leaders, until the evils recited have fallen upon our State. It matters not, in our view of the case, that the Committee charge the Republican party with like dereliction. Such charges, from active partizans like most of the Committee, and whoever else may have aided in drafting the report, was almost a matter of course; and if any of our party is guilty, the remarks are deserved. We are well satisfied that the general honesty of the Republican party will show a very favorable comparison with the character of the other party, which our German fellow-citizens propose to purge.

Good, we repeat, must come out of the movement.

THE COMPASS FAILS.—It is proved that the compass cannot be relied upon near the Labrador coast, and to its variation is ascribed the loss of the steamship *Clyde* recently near the Mingan Islands.

State House of Refuge.

The Waukesha *Republican* has the following in relation to the new House of Refuge for Juvenile Delinquents:

The contract requires it to be completed by the first of next August. Mr. Ira White is the contractor. The building is to be of Waukesha stone, with a slate roof. The contract for furnishing the stone is sub-let to Davis & Hawley, and that for the outside finishing to Mr. Leander Hill.

We have been favored with a sight of the drawings, by the Architects, Mygatt & Schmidtner, showing the outside appearance and exterior arrangements of the building. It will be in every respect the greatest acquisition ever made to Waukesha.

The building already planned will be fifty-seven by ninety-four feet on the ground, and the height of the towers will be eighty-three feet.

It is to be three stories in height, with arched windows, surmounted by heavy stone caps, with a substantial tower at each corner, and being surmounted by a handsome and beautiful observatory. Such a building, of the handsomest stone in the State, and located, as it will be, on a pleasant piece of ground, just on the edge of the village, must form a most imposing addition to the picturesque view that Waukesha already presents to the stranger.

The excellence and commodiousness of the internal arrangements, are to be fully equal to the beauty of the external appearance of the structure. It is to be finished throughout in the most substantial and comfortable style.

☞ He was next year appointed Circuit Judge by Gov. Bashford—which office he held till last spring. The first "wipe" the people got at him, they "wiped him out" again.—*Madison Argus.*

O yes! they "wiped him out" beautifully. Although Judge Randall positively refused to accede to the wishes of his friends, who urged him to run, and would not allow his name to be presented for the office, he received one thousand one thousand one hundred and twenty-one votes in this county, and could easily have been elected if he would have allowed it.

The "wiped him out" by giving him eleven hundred and twenty-one complimentary votes. And that same kind of a sponge, instead of wiping out, will lay it on mighty thick about November, Mr. *Argus.*—*Waukesha Republican.*

NO WONDER.—It is no wonder that the Forty hate so terribly to have Mr. Cross called the "Barstow candidate." They know it is a cluncher, and will run him into the ground like a whirlwind. But, if he could, by any possibility, be elected, how quick they would change their tune, and swear that it was a Barstow triumph. The people however, will take good care that such a calamity will not befal the State. Heaven forbid it, say we.—*Madison Patriot.*

A PART OF THE KANSAS TRAP.—No Free State man is to be allowed to vote who has not paid the tax to support the Bogus Government—in many of the districts the tax-qualification has not been required, and the chance of a privilege to vote has therefore not been allowed—if a Free State man shall be elected in any of these Districts, his election is to be contested in the County Courts—these have the jurisdiction of contested election cases and are officered every one of them from top to bottom with pro-Slavery tools. How Democratic and how fair!—*Albany Evening Journal.*

INSURANCE COMPANIES OF NEW YORK AND BROOKLYN.—The report of the Insurance Commissioners appointed by the State Comptroller to examine into the condition and affairs of the five insurance companies of New York and Brooklyn, is published. It embraces the affairs of sixty-eight companies. Two companies, the Hope and the New World, organized since the appointment of the Commissioners, are not included. The aggregate capital of the companies reaches the sum of $13,605,000. The bonds and mortgages held by them amount to $13,923,768, which are a lien upon real estate estimated to be worth $28,650,550. The amount at risk on policies of insurance is $498,151,744.

AN INNOVATION.—It was the remark of one of the purest democrats and greatest Statesman that our country ever had, that John C. Calhoun, the nullifier and the secessionist, was the first American Secretary of State, who audaciously introduced a defence of Slavery into, heretofore, the truly Republican State papers of our country, and it is now followed by Franklin the Little, and James Buchanan, who are the first Presidents of our Nation, who openly justify and defend that system which has not been inaptly called "the sum of all human villainies."

BUSINESS AND RAILROAD FACILITIES OF MILWAUKEE.

REPORT OF THE COMMITTEE OF BOARD OF TRADE

To the Milwaukee Board of Trade:

The Committee appointed at a special meeting of the Board of Trade, held at their rooms on Saturday morning, Sept 5th inst., under defined instructions, submit the following

REPORT:

Upon careful inquiry into the object of this commission, your Committee have concluded that the leading purpose should be to situate to secure to the main sources of traffic, possessed and to be acquired by Milwaukee, that will accrue to the benefit of the Detroit & Milwaukee Railway. In addition to certain facts and statistics, which are presented, it is only necessary to accompany this Report with the annexed resolutions, expressive of our sincere interest in the enterprise under consideration.

In preparing a report of this character, your Committee have found no little difficulty in selecting from the various Railroad, Mercantile, Agricultural and Industrial departments of business, those which will alone bear upon the traffic of this new channel of communication with the Canadian and Atlantic cities. As it will, most certainly, become the main thoroughfare for the business and travel of Wisconsin, Northern Iowa and Minnesota, with Canada and the Eastern States, it cannot but deeply affect the various interests of this region, and more particularly those of Milwaukee. On the other hand the Road will be dependent, in a very great measure, for its support, upon the business contributed by our own city.

MILWAUKEE, in 1850, contained 20,061 inhabitants—in 1855, it contained 31,000—and on the first of July, 1857, a careful estimate made up from the number of dwellings erected, gave us a population of 50,000.

As much of the success of this enterprise depends upon the Harbor of this port, it is not inapt to allude to its capacity. The Bay is semi-circular, six miles from point to point, with a depth of about 4½ miles. In addition to the natural harbor formed by the mouth of the river, the city has constructed a "Straight Cut," from the river across the neck of land between it and the Lake shore, 260 feet in width, thus affording an artificial entrance to the river, which is protected by substantial piers, and which cost something over $100,000. During the whole of last winter this new harbor or "Straight Cut" was not all obstructed with ice, and there was not a day during the most severe of the cold weather, when a steamer could not have entered and departed with safety. When it is considered that Atlantic harbors, as far south as Norfolk, will partially close up with ice at times during the winter, it would seem unnecessary to enlarge further upon the superiority of our harbor facilities, and its capacity for affording accommodations to the Grand Haven steamers, at all seasons of the year.

The States and Territories, now populated, and lying west of Lake Michigan, and dependent upon it for their natural and most direct water communication with the East, contain over 200,000 square miles of agricultural territory, and possess a population of no less than *one million six hundred thousand inhabitants*. All this territory and these people are better accommodated at Milwaukee than any other port on Lake Michigan, as a glance at the numerous railways centering here, and radiating in the different directions alluded to, will verify.

The aggregate number of arrivals and departures at this port, for the year 1856, was 5,000, with an aggregate tonnage of over 2,000,000, and with seamen to the number of 84,549. The consumption of this entire district now amounts to nearly 30,000, and includes all classes of Lake craft. The total value of merchandize imported during the year 1856, was $28,000,000; and the value of the exports was over $20,000,000. The dutiable goods entered at this port, will amount for the present year, to over $1,800,000, and the duties collected will nearly reach $500,000.

The amount of wheat exported from September 1st, 1856, to September 1st, 1857, inst., reducing flour to bushels was 4,881,000 bushels; and with the present prospects, we have no hesitancy in placing the estimate for the year to come, or the crop of 1857, at upwards of 6,000,000 bushels.

As an evidence of the growth of Milwaukee, we would say, that by actual returns, as prepared by the Secretary of this Board, for 1856, there was expended in building, $2,150,000, using 30,000,000 of home made brick. And by the enterprise of a gentleman of this city, it has been ascertained that there are now constructing nearly 2,000 buildings within our corporate limits—Some of these are massive and valuable business and public buildings. These improvements will consume over 50,000,000 brick and 75,000 bbls of lime, all manufactured in this city and its suburbs.

During the present year, there has been added 20 per cent to the wholesale mercantile facilities of the city. In 1856, the amount of sales, by exclusively wholesale and jobbing houses, was $18,942,000.

The manufacturing interests of Milwaukee have kept even pace with her commercial and mercantile interests. By actual statistics presented to this Board, the total aggregate amount of manufactured articles was as follows:

YEAR.	VALUE.
1854,	$4,633,000
1855,	5,500,000
1856,	8,257,000
1857,	10,500,000

There is no city in the United States that comparatively sustains so large a number of respectable newspapers as Milwaukee. There are *eight daily* papers printed in the city—five English and three German—all enjoying a patronage which speaks well for the enterprise and intelligence of all classes of our population.

The Railroad system of Milwaukee as now completed and in progress, is perhaps inferior to no city in the country. We have no space to enter at length upon the condition and prospects of these roads; all and each of them, are of importance sufficient to enlist the co-operation of many leading men in their construction. An outline of these Roads, and a brief allusion to their business, is all that can be expected at our hands.

The Lake Shore Road, to Chicago, a distance of 85 miles, has been in operation two years, and is earning a handsome dividend, above all interest and sinking fund accounts. The number of passengers transported in 1856, was 180,000, and the number in 1857, cannot fall below 230,000 to 250,000. This number does not include the passengers taken by the Company's steamers to and from Chicago.

The Fox River Valley Railroad runs south, through thriving towns to the State Line, where it connects with the Kenosha & Rockford Road, now nearly completed. This Road has 42 miles of its southern end constructed, and has advertised to contract the whole line to Milwaukee during the present month. It is confidently expected that it will be completed and in operation before the close of the year 1858.

The Milwaukee & Beloit Railroad connects with the Racine & Mississippi Railroad, at Delavan, 49 miles from the City of Milwaukee, from whence to Savannah, on the Mississippi River, is 80 miles, making the entire line from Milwaukee to Savannah, 128 miles.

This is the shortest line of railway that has been undertaken between Lake Michigan and the Mississippi River. The Road is graded from Milwaukee to East Troy, 33 miles, and a large force is engaged on the work between East Troy and Delavan; and the Company expect to lay the iron as far as East Troy, by the 1st of January, and through to Delavan by the 1st of June next, by which time it is believed the Racine & Mississippi Road will be finished through to Savannah.

This Road passes through several of the richest and most populous counties of Southern Wisconsin and Northern Illinois, and will supply them with merchandize and manufactured articles, from the Eastern markets, and at the same time it will open to them the shortest and cheapest route to the best harbor on Lake Michigan, for all agricultural products.

Sabula, opposite Savanah, is the Eastern terminus of the Great Iowa Central Railroad, extending across the entire State to the Missouri River, a distance of 350 miles. This latter Road has the advantage of a munificent Land Grant, and is all under contract.

The Milwaukee & Mississippi Railroad, running nearly west, through Madison, the Capital of the State, to Prairie du Chien, on the Mississippi River, is now completed and in successful operation, a distance of about 200 miles. At the Mississippi River it employs a line of steamboats for all points on the upper River. This Road now runs three passenger trains, daily, and connects with the Chicago, St Paul & Fond du Lac Road at Janesville. The latter Road in doing a handsome business from the traffic alone, taken from it and given to it by the Milwaukee & Mississippi Road. At least one-half is *through* Eastern business, and with the completion of the Detroit & Milwaukee Railway, this would seek its destination via. Milwaukee, instead of the more circuitous route around the head of the Lake.

From Milton, through Janesville, the Southern Wisconsin Division of the Milwaukee & Mississippi Railroad branches, and is now open 22 miles; and is to be running to Monroe, 46 miles, this autumn. A few miles west of Monroe, a short branch connects this Road with the Galena Road, so that through these different connections, the Milwaukee & Mississippi Road will touch the Mississippi River at two points, before the close of 1857. The enterprising cities of Galena and Dubuque will find their nearest route to New York and Boston, via. the Milwaukee & Mississippi and the Detroit & Milwaukee Railways.—The earnings of this Road for 1856, though not open to its terminus, were 22 per cent, above all accounts, and the directors divided 17 per cent during the year, from actual earnings. Its total earnings for the present year will reach $1,200,000, or about $8,000 per mile upon the Road operated for this year.

The Milwaukee & Watertown Railroad, formerly a distinct corporation, is now consolidated with the La Crosse & Milwaukee Railroad. It is now completed and in operation to Columbus, a distance of 42 miles from Milwaukee, and is to be extended to Portage, on the Wisconsin River, some 24 miles farther. This Road passes thro' the flourishing city of Watertown, situated on the Rock River, one of the most important milling and manufacturing points in the State.—From Watertown, a road is now under contract and nearly graded to Madison, the Capitol, to be completed during the present year.

The La Crosse & Milwaukee Railroad, and the Land Grant Road, is one of the most important roads, considering its length, direction and different connections, leading into our city. The general course is north-westerly, and it reaches the Mississippi at La Crosse, about 200 miles from Milwaukee. The road is now completed and in operation to Kilbourn City, on the Wisconsin, 122 miles. The Western Division has been put under contract, the grading is to be completed this year, and the Road is to be opened through by the 1st of November, 1858. The Legislature has given this Company the land donated to the State, for the construction of a Road from Portage to St. Croix, and thence to Superior, 350 miles. This Land Grant is valued at $12,000,000. The earnings of the Road, though doing exclusively a way business, will run out to over $600,000 this year.

The Milwaukee & Horicon Railroad is a most promising enterprize. For the first 51 miles, to Horicon, Dodge Co., it follows and occupies in common, the track of the La Crosse & Milwaukee Railroad. At Horicon it leaves that road, and takes an independent route, pointing more towards the north, and passing through Waupun, Ripon, Berlin, (on the Fox River), Stevens' Point, (on the Wisconsin), to Superior City, on Lake Superior, 345 miles from Milwaukee. It is now completed and open to Berlin, on the Fox River, a distance of 92 miles, where it connects with a line of six steamers, running upon the Fox and Wolf Rivers and Lake Winnebago.

The Milwaukee & Fond du Lac Air Line, and the Milwaukee & Superior Roads, are owned by the same Company. They both branch from the La Crosse Road, a few miles from this city—one to Fond du Lac, and the other to run north along the Lake Shore. The latter has 18 miles of its line nearly ready for the cars. Both are contracted for, and will be completed in a reasonable time—the first to Fond du Lac, and the second to Green Bay, via. Sheboygan and Manitowoc.

To complete this brief sketch of our railroads, we give a table, showing the entire lines of Rail Road radiating from this city, and also the distances now built:

NAMES.	NOW BUILT.	ENTIRE LINE.
Lake Shore,	85	85
Fox River Valley,	12	42
Milwaukee & Beloit,	82	135
Milwaukee & Miss. (main line,)	200	200
" " " (branches,)	44	97
La Crosse & Milwaukee,	122	321
Milwaukee & Watertown,	80	110
Milwaukee & Fond du Lac,	——	70
Milwaukee & Superior,	15	300
Milwaukee & Horicon,	92	325
Total,	666	1888

It is safe to assert, that on the close of the year 1858, there will be 1,000 miles of these lines of Road in operation, and they will bring to Milwaukee from 1,000 to 1,200 passengers daily.—With the number of arrivals in the city, the estimate of 200 per day, that would taste the Transit route to the East, seems safe and reasonable. For those who have not investigated the subject, a few facts in regard to the vast business of the Valley of the Upper Mississippi and the country to the west of it, will be interesting and instructive. There are now engaged in the trade of the Upper Mississippi River, nearly 100 steamboats. The aggregate arrivals at St. Paul for the present year, will be over 1,000. The freight delivered at the different landings above Dubuque, for 1856, amounted to over 150,000 tons, and the passengers that have been conveyed both ways can not fall short of 200,000 the present season. Until the past two months this enormous freight and travel has gone over the Galena & Chicago Railroad, as the most northern crossing from Lake Michigan to the Mississippi, and has helped to swell the traffic of that Road, to the wonderful figures which it reached in 1855 and 1856.

An important feature in the whole system of Milwaukee Railroads, is the fact that from all points on the Mississippi River, where our roads touch, there are corresponding lines building, continuing westward towards the Missouri River and the Rocky Mountains. Five years ago the States of Illinois and Wisconsin were as dependent on railways as Iowa and Minnesota are now, and yet Iowa and Minnesota are now improving as fast as ever did Wisconsin or Illinois. We have no doubt that ten years from this there will be over a million and a half of people in Minnesota, every inhabitant of whom will reach the East cheaper and easier, via. Milwaukee.

With such brief data for a basis of calculation, your Committee are of opinion that any extended deductions by them are unnecessary.

A. J. AIKENS,
N. J. EMMONS,
S. B. GRANT,
Committee.

The following is a copy of the resolutions alluded to in the Report, and which were unanimously adopted:

Resolved, That in view of the fact, that the Detroit & Milwaukee Railway, by means of its connection with the Great Western Railway of Canada, will open to us the shortest and most direct line of communication with the Atlantic and Canadian cities, we regard the consummation of the work as an event of great moment to Milwaukee, and fraught with immense advantages to our city and the State at large; and we have received with peculiar pleasure, assurances of an early completion of a Railway which will thus connect us, via. Detroit & Port Huron, with the Eastern World.

Resolved, That we will as a body, and as individuals, do all in our power to encourage traffic over the lines of the Detroit & Milwaukee, and Great Western Railway, of Canada; that in so doing, we feel that we are fostering enterprises of common importance to the City of Milwaukee and the State of Wisconsin, and are destined to work great and good influence upon our prosperity.

Resolved, That while we deeply estimate the advantages to flow to us from a link with these great Eastern lines and thoroughfares, we believe that Milwaukee can more than reciprocate them: that her geographical position—the amount of her trade—her sources of traffic tending Eastward—and other facts and considerations embodied in the Report of our Committee, submitted herewith—warrant and sanction such belief.

Ordered, That five hundred copies be printed of the above Report, for the use of the Board.

L. H. KELLOGG, *President.*
W. HENRY HOLLAND, *Secretary.*

CONSUMPTION
AND
DISEASES OF THE THROAT AND LUNGS!
DR. W. HUNTER, late of St. Louis, has permanently located in this city for the special treatment of all diseases appertaining to the lungs and air passages, sore throat, chronic enlargement of the tonsils, elongation and enlargement of the uvula, acute and chronic laryngitis, acute and chronic bronchitis, catarrh of the head, clergyman's sore throat, and consumption.—MEDICATED INHALATION, whereby the remedy is brought in direct contact with the diseased parts, besides all remedies known to the medical profession, will be used as symptoms require.
From the long experience he has had in auscultation and percussion, combined with success in treatment, he deems himself warranted in assuring the public of his professional skill in the treatment of these diseases.
Persons at a distance, sending a full description of their case, will receive treatment according to the symptoms. DR. W. HUNTER,
Office, corner Fifth and Clybourn sts., Milwaukee.

THE GREAT ENGLISH REMEDY.
SIR JAMES CLARKE'S
Celebrated Female Pills.
Prepared from a Prescription of Sir J. Clarke, M. D., Physician Extraordinary to the Queen.
THIS INVALUABLE medicine is unfailing in the cure of all those painful and dangerous diseases incident to the female constitution.
It moderates all excess, removes all obstructions, and brings on the monthly period with regularity.
These Pills should not be taken by females that are pregnant, during *the first three months*, as they are sure to bring on *miscarriage*; but at every other time and in every other case, they are perfectly safe.
In all cases of Nervous and Spinal Affections, pain in the Back and Limbs, Weakness, Fatigue on Slight Exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or any other mineral.
Full directions accompany each package. Price in the United States and Canada, One Dollar.

CHAS. QUENTIN & CO.

Lands Within City Limits.

WE offer for sale the lots 14, 15 and 16, in Doesman's subdivision of N. E. ¼ section 26, town 21, Second Ward, containing 9 out 17 acres and fronting on the Watertown Plank Road, which will be straightened and widened into a 100 feet Avenue. This place is very conveniently shaped to be laid out into city lots, forming nearly a square.
aug26

Business Property in the 3d ward for Sale

LOT 3, block 25, on Main street, fronting east. Lot 7, block 36, on Chicago street, with alley along side. North ½ of lot 9, block 57, 25 feet on East Water st.
aug29 CHAS. QUENTIN & CO.

Dwelling Lots in the First Ward.

WE HAVE leased the West half of Block 130, 1st Ward, to be graded on a level, gently rising from Jefferson Street. Streets and sidewalks are finished, gutters paved, and the lots prepared for immediate occupation. We now offer the same at prices which, considering the beautiful location and short distance from the center of business, must be called very low. Terms easy.
aug26 CHARLE QUENTIN & CO.

Business Lots in the Third Ward.

HAVING recently disposed of lot 10, in Block 40, 3d Ward, we now offer Lot 8, in the same Block, also fronting on Main Street, at a small advance, if sold soon.

Further, the Lots 10, Block, 45, and 8, Block 46, on Jefferson Street, at such prices and terms as will make it a first rate investment.
jy23 CHARLES QUENTIN & CO.

CLARKE & ILSLEY.

Corner of Main and Wisconsin Streets

Huidekoper's Addition.

WE SHALL HAVE in about a week 150 lots for sale in this beautiful addition, which is conceded by every one to be the handsomest land in the city limits.

This is a part of Horace Chase's farm, lying between Bradley & Metcalf's and Judge Smith's addition. The land slopes gently towards the Bay, and commands a fine view of the lake and city. It is in the most healthy part of the city, and from the lay of the land there will be little the expense from grading.

We will sell these lots at a fair price and on easy terms.
CLARK & ILSLEY, Land Agents,
aug26 corner Wisconsin and Main Sts.

House on Michigan Street.

WE have a good frame house, with 20 feet of land for sale low, on Michigan street, near business.—Only $1,600 down required.

The Capitol Extensions -Items of Cost.

The cost of the windows in the principal story of the north and south fronts of the capitol extensions has been $1659 56 each, as follows: The marble itself, $619 04; the workmanship on the two jambs, with brackets cut in the solid, $612; on the enriched entablature, or ornamental lintel, cut in the solid, $361 81; on the pediment head, cut in the solid, $116 66; on the two inner jambs and one head, $27 50; on the sub sill, $8; and on the ashler, cut from the same block as the pediment, $5 36.

The cost of the marble workmanship on each of the eastern front door-ways has been $4076 28 as follows: The two moulded pilutis, $77 06; the two jambs, with brackets, $2467 34; the enriched lintel, $187 16, the architrave, $222 50; and the cornice, $1122 22.

The cost of the two figures of statuary to be placed over each door is estimated at $6260, as follows: The amount paid Mr. Crawford for the design and models, $3000; the estimated cost of the marble, $260; the cutting in marble, $3600; the freight from Rome to Washington on the models, or on the statues, if executed at Rome $400.

The doors themselves being bronzed, and bearing bas relief designs illustrative of American history, it is estimated will cost $13,200 for each wing, as follows: The design and plaster, cast by Mr. Crawford, $6,000; the door, if cast and chased in the Munich foundry, $7,000; the freight from Munich to Washington, $200. If the doors are executed in this country, it is supposed that the cost will be somewhat greater. It is the intention to have one executed at Munich in the first foundry in the world, and the other, for the promotion of American art in this country. The door opening from the old hall of the House of Representatives into the corridor leading to the new hall, will also be of bronze, bearing bas-relief designs illustrative of American history, and will, it is estimated, cost $17,416—as follows: the design and model, by Randolph Rogers, $8,000; and the execution in bronze, $9,416. The model is to be executed in Italy, and the castings in this country. These doors will be executed in the highest style of art, and entirely of bronze.

A magnificent mantel-piece for the Senate reception room, is to be designed and modeled by Mr Berti, of Washington, at a cost of $400, and is to be executed in marble and bronze in this city.

The statue of the Indian girl kneeling with a large shell, and intended as a fountain piece for one of the principal stairways, was designed and modeled, and the statue itself finished by an artist on the capitol, at intervals, and is estimated to have cost the government about $429 85.

The statuary intended for the eastern pediment of the north wing of the capitol, designed and modelled by Mr. Crawford, and now in a forward state of execution in marble in this city, it is estimated, will cost $42,280, as follows: Design and models $18,000; freight from Rome $2 800; marble $1 960; cutting $23,000; estimated cost of raising the statues to their place $500.

The statuary for the eastern pediment of the south wing is not yet designed. At the same time that Mr. Crawford was invited to propose designs and estimates for the decoration of the eastern pediment and door of the north wing, Mr. Powers was invited to propose for the south wing. In his answer to Captain Meigs, he says: "I have not time to prepare designs for the decoration of our capitol buildings—even if it were a desirable object with me to propose for a commission from the government of my country."

For the design and model of the statue of Liberty, intended to surmount the new dome of the capitol, Mr. Crawford is to receive $8,000.

LESSONS IN
Foreign Languages.
MR. AND MRS. L. S. S. B. DE CREETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.
Gentlemen and ladies who begin in separate either of these languages, can receive instruction in Reading and Conversation, Mr. De Creety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.
The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.
Mr. DE CREETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evenings, as well lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary occupations, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.
Mr. DE CREETY will form similar classes for children, from 10 to 13 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.
The continued patronage of the public is respectfully solicited.
To MERCHANTS.—Mr. DE CREETY will take charge of French correspondence to all the principalities of France and will procure all Price Currents that they may want.
sep27-1873d1y

Brick House and Lot For Sale.
SITUATED on Cass street, between Oneida and Biddle, in the Seventh Ward of the city of Milwaukee. The house is large, substantial and in good order; contains about twenty rooms, a good well, a large cistern and every necessary convenience; and will be sold on easy terms.
Also, one hundred acres of fine land, beautifully situated in the South East quarter section 13, and within the Ninth Ward of the city of Milwaukee. UNDER THE NAME
MATSON, LOOMIS & HOES,
BEG LEAVE to call our past success prompts us to still greater exertion in the perfecting of the
LARGEST AND CHEAPEST
Wholesale, Retail and Manufacturing
JEWELRY STORE IN THE WEST!
As our firm is engaged in manufacturing many of our goods, we are therefore prepared with double facilities, to meet the increasing demand for goods in the western country. Dealers will find it to their advantage to call, and examine our stock, as we shall sell at the lowest prices. Our great effort has and will be, to sell fine, reliable goods. We shall also keep such goods as may best suit the markets, and customers in trade.
To our city patrons and friends, who have so liberally sustained us, we return our sincere thanks, hoping always to do so by you as to merit a continuance of your kind favor. We respectfully invite you to an examination of our new goods, which we are now and will be frequently receiving. Our limited space will not permit of a numeration of the many desirable articles we have for sale, but the cultivated mind best appreciates the artistical skill and cunning work of the artist by observation.
Railroad men and others requiring correct time will always find the BEST WATCHES IN MARKET for that purpose, as we intend to sell the best watches that can be procured. Every one shall be dealt by honorably, and no goods misrepresented. The best and most complete stock of Watch Tools, Materials, Glass, &c., in the west.
The most competent workman to repair Fine Watches to be found.
All orders will meet prompt attention.
Weekly Observations taken with an Astronomical Transit, for the use of the Rail Road and City Time—the only one in the city. We can give the time to a second, it being the only way that time can be determined accurately.
☞ Remember the place.

TEN YEARS'
ACQUAINTANCE WITH
West's Cement Roofing.
SUCH FACTS as are herewith and have heretofore been presented to the public, where this roofing material has been used any considerable length of time, that the misrepresentations of the designing and unscrupulous have failed to seriously injure its reputation or impair the confidence of a discriminating public.
It is very well known that a large number of the most elegant residences, commercial blocks and public edifices ever erected in this city are under the protection of this *fire and water-proof roofing*, and that it has given such universal satisfaction here as elsewhere, that the demand for it this season is more than double what it was last year, notwithstanding the strenuous efforts made to introduce various other articles for a similar purpose.
SYRACUSE, June 19th 1857.
This undersigned has been acquainted with Watts's Galvanic Cement, for nearly ten years past, and has had it applied to buildings in several instances. He is so well satisfied with its durability and general *fire and water proof qualities* that he has applied it to three new buildings which he has erected during the past winter and spring.
There is no doubt but the *cement* is in better repute here *than ever before.*
SYRACUSE, June 19th 1857.
This may certify that I had a building covered with West's Galvanic Cement, some *four or five years* ago and at the time of its destruction by fire last fall the roof was perfectly tight.
I have no hesitation in recommending the cement to those who wish to procure good and lasting roofs.
N. B.—When the building was burned, the *roof did not take fire at all* until the roof boards burned through.
ALEXANDER MITCHELL.

SYRACUSE, June 19, 1857.
The undersigned occupied a building covered with West's Galvanic Cement, which was burned in the great fire last fall. The roof had been on two years and at the time of the fire was apparently as good as when first put on. The fire was blown in by immense torrents of flame directly upon the roof and it did not take fire, and when the walls fell the roof was entire except where the roof boards were burned completely through; *there could not have been a more thorough trial by fire* and *nothing could have stood the test* better than this Roofing Material.
E. HAMMOND,
H. J. JOHNSON.
SYRACUSE, June 15, 1857.

West's Cement Roofing is more extensively used here and in all the large towns than it ever was before.
This roofing composition is the most common sense humbug, and *where it has been used, needs no recommend.* There are hundreds who have had roofs on from *two to five years* and *not one has failed* that was well done. *It will last twice as long as the best tin.*
N. F. GRAVES.
MILWAUKEE, July 27, 1857.
I have been a resident here for seventy-two years, had the *first house* and roofed out the first chimney in this city, and have been a builder ever since; am acquainted with all kinds of Roofing, and, in my estimation *West's Galvanic Cement* is superior to any other in use *in all respects.*
WILLIAM SIVYER.
I have been extensively engaged in building for nearly twenty years in the city of Racine, and am acquainted with various kinds of Roofing material. I regard *West's Composition Roofing* as the best article for covering buildings now in use. I have had it put on to a dwelling house which I have built this season for myself.
GEO. CHASE.
Architect and Builder.
To the proprietors of West's Patent Galvanic Roofing:
GENTLEMEN—The undersigned, some of the numerous property holders of this city who have availed themselves of the advantages which your Metallic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that our experience and observations thus far fully justify us in corroborating the proof you have hereinfore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material.*
C. D. Bross, Daniel Wells, Alanson Sweet, E. B. Wolcott, E. Bulton, O. Alexander, M. A. Krug, B. Heiler, Ernst Herter, F. A. Hallman, builder, Tibbets, Markweather & Co., J. R. Gregg, Wm. J. Young, John Rasebeck, B. & H. Sloats, Th. Wetstein, Babcock Bros., builders, W. H. Metcalf, G. Pinter & Co., Haven Powers, G. A. Starkweather, J. B. Wild, Chas. Gregory & Armour, Blakeley & Bro., Jos. Austin, J. H. Silsman, Martin Curtis, Hobbs Sloan, F. Lowe, W. P. Merrill, H. Ronkle, builder, Gh. Penauer, E. Roddis & Co., Geo. F. Austin, H. A. Nichols, Martin F. Rogers, builders, B. H. Gage.
Within the past year I have paid Three Hundred and Seventy-Three Dollars for repairing leaky and defective roofs. The composition used for such improvements is known as West's Galvanic Cement for Roofing. I am well satisfied of the value received for the expenditure and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied on the building which I am having erected on the corner of East Water and Michigan sts.
ALEXANDER MITCHELL.

From our knowledge of the composition for covering buildings, buildings, known as "West's Galvanic Cement for Roofing, which has been very extensively used in this city the past year, with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use and worthy of the fullest confidence of the public.
A. G. RICH,
Mygatt & Schmidtner,
Boyington & Mix,
Dillenburg & Boker,
Architects.

Builders.
The Newhall House and the Excelsior Block, two of the most elegant, costly and imposing structures ever erected in the West, are covered with this roofing material, and two more *perfectly tight* and *water-proof roofs* cannot be found *in this or any other city, as owners, builders and architects* testify. We refer to this for observation.
Numerous town and county rights have been purchased by architects, builders and practical men, who are applying the roofing material in various parts of the State, upon whom we are obtaining large orders for stock.
Individual rights, with stock and printed directions, furnished at reasonable rates, to any part of the State, which has not been disposed of.
Any amount of additional proof in relation to the superiority of this roofing material over *any* and *every other article* now in use, can be seen by calling at our office, 92 E. Water St.
